A fantasy action RPG game where the player takes on the role of a Tarnished, a person who once possessed an extremely high level of power that is now lost. With their power reduced, they are now living in the Lands Between, a world of despair and helplessness where many no-longer-knowing people have already lost their vitality. While the world is populated by countless demons that rule the land, or the Riguel who inhabit the depths of the world, their main food source is humans. By using one's strength and skill, the player can fight any foe and raise their level. It is believed that those who raise their levels will reach the very heavens of the world. However, before long their physical strength will diminish and they will lose consciousness. They may be left as mere memories to other people or they may be subjected to dangerous experiments as when one who was convicted of a capital crime was experimented on. They may even suffer from personal dramas as some of them are orphaned children or those who lead simple lives who have lost friends and family. As a Tarnished, the main goal is to survive in this world with your own strength and skills. Experience the different worlds of the Lands Between and discover the truth behind the rumors of why you were born as a Tarnished. **NEW ARENA - MAGIC BATTLE:** Defeat all enemies with the same fighting method until the end. GRAPHIC DESIGN - The atmosphere is very vivid and presents a real large world. Furthermore, an anime-style 2D system is applied to the game, which is very realistic. They have drawn the characters by using a realistic model, avoiding the boring illustration of the character. The scene is very vivid and is easily perceived. In addition, the game also presents a 2D map system, which is impressive. 2D system - 2D CG character: The animation was simple and the impression was not too strong. However, the impression of the 3D animation in the ARPG is stronger. 2D map: The foggy background, the nooks and corners of the 3D map, and the details of the 2D map are presented in a realistic manner.
